**PROPOSAL**

**RE-STRUCTURING  
THE  
NORTHERN CALIFORNIA FAIRS  
SUMMER RACING PROGRAM  
IN 2009**

**CHRISTOPHER KORBY  
EXECUTIVE DIRECTOR  
CALIFORNIA AUTHORITY OF RACING FAIRS**

**SEPTEMBER 2009**

**RE-STRUCTURED NORTHERN CALIFORNIA FAIR RACING PROGRAM  
PROPOSED FOR 2009**

---

***Program Goals***

- Strengthen Northern California Summer racing through a re-structured racing program which combines and consolidates 2009 Fair racing dates into a calendar featuring: 1) fewer racing dates; 2) more Turf racing; 3) better racing opportunities for all classifications of Thoroughbreds; and 4) carefully managed program for emerging breeds.
- Attract/retain owners, trainers and horses for NorCal racing June-October.
- Increase field size through 1) better management of runner inventory; 2) carefully structured purse/stakes schedule; and 3) reduced number of racing days (no Mondays; fewer dates in September).
- Distribute a competitive simulcast program to California, interstate and international markets.

***Program Objectives***

- Create a core racing program of combined Fair dates in the middle of the summer circuit, featuring Turf and higher-quality Thoroughbreds.
- Retain the better Northern California Thoroughbreds, including grass horses, in the region through the summer. Objective: Better horses running in bigger fields.
- Create opportunities in Northern California for SoCal Thoroughbreds (grass and dirt) seeking summer racing outside their normal home region.
- Manage the inventory of mid- to lower classifications of Thoroughbreds to keep a pool of runners available for better fields at Fairs outside Bay Area.
- Offer expanded program for two-year-olds involving minimal transports.
- Judiciously manage Supplemental Purses to accomplish Goals and Objectives above.

***Calendar Sequence of Fair Racing Dates***

- **Pleasanton:** three weeks; consolidating 1<sup>st</sup> week of Vallejo. No Mondays.
- **Santa Rosa:** three weeks; consolidating 2<sup>nd</sup> week of Vallejo. No Mondays.
- **Humboldt and CARF@GGF concurrent:** two weeks. Humboldt runs five days per week, featuring emerging breeds and lesser classifications of NorCal Thoroughbreds. Up to \$100,000 more supplemental purse money to Humboldt. A CARF-managed meet at GGF features grass races and better Thoroughbreds. No Mondays.
- **Cal Expo:** two weeks including Labor Day. No Mondays, except holiday.
- **Stockton:** racing for three, 3-day week-ends (Friday; Saturday; Sunday). Simulcast Host on Monday (optional); Tuesday (optional); Wednesday; Thursday. Captures Nor Cal simulcast and ADW revenue for three weeks.
- **Fresno:** two weeks including Columbus Day Holiday.

## **Benefits**

- An upgraded racing program in the heart of the summer will attract grass and dirt runners looking for advantage outside Del Mar / Southern Cal circuit in July/August.
- Attracting and retaining better horses from June through August will add to the pool of horses for better races at Pleasanton, Santa Rosa and Cal Expo. This will make available more and better runners for Stakes Races during the summer circuit. It will also allow less overall reliance on the mid- to lower classifications of Thoroughbreds, thereby reserving that pool of horses for Fairs outside the Bay Area.
- Two-year-old program helps California breeding and California racing.

## **SOME SPECIFICS**

- **Summer Program for Two-year-olds**

Bolster summer program for two-year-olds, with races scheduled so as to minimize transportation and moves. GGF currently has a large inventory of two-year-olds and is experiencing a tremendous demand for two-year-old races.

- **Consolidate Vallejo Dates at Pleasanton and Santa Rosa; Compensate Solano County Fair**

This program envisions that Vallejo racing dates would be consolidated with Pleasanton and Santa Rosa, one week each, as part of a combined, summer-long Fair meeting. Racing attendance at Vallejo has fallen and the Fair now runs one week. This consolidation would strengthen the summer Fair racing program and allow Vallejo a continuing financial benefit from the two weeks run in this calendar slot.

We are proposing that this consolidation arrangement would include an arrangement for payment to Solano County Fair of certain percentages of the revenues generated from simulcast and ADW handle during the two weeks which were previously run at Vallejo. Under this proposal, these weeks would run as a third week at Pleasanton and the first week at Santa Rosa. We propose that this payment be calculated from simulcast and ADW handle for the following reasons: 1) Simulcast and ADW contracts are already managed by CARE, a third party, for all Northern racing Fairs; 2) the revenues and operating expenses are already audited, transparent and known to all parties; 3) the parties avoid time-consuming negotiations over on-track revenues and expenses, which are managed differently at each Fair due to variations in local circumstances and traditions. Payments to Solano County Fair would be structured so as to afford financial support for its Fair operations over several years. Payments would decline over the longer term.

- **Humboldt County Fair Will Race Concurrently with a Fair Meeting at Golden Gate Fields; CARF Manages both Racing Programs; Humboldt Compensated, Receives Additional Supplemental Purse Allocation**

Traditionally, mid-August Fair dates have been conducted concurrently at Humboldt and at San Mateo (Bay Meadows). In 2008, Humboldt handled \$3.5 million and San Mateo handled \$28.3 million in ten days of racing at each Fair. We are proposing that in 2009, as part of a multi-year transition plan, these Fair dates continue to run concurrently in this calendar slot. These two weeks would become part of a combined Fair meeting, with a restructured management approach: CARF manages the racing program for both Fairs. The intent of this proposal is 1) to preserve ten Fair racing days in top-flight urban market; 2) continue to generate significant revenues to purses and all other beneficiaries; and 3) offer five weeks of summer Turf racing in Northern California.

To that end, we are proposing that Fair dates be run concurrently at both GGF and Humboldt with CARF managing the racing program for both. CARF management will ensure that racing programs are complementary, not competitive. CARF at GGF will offer racing oriented toward 1) the higher classifications of Thoroughbreds; 2) grass races; and 3) two-year-olds. Humboldt's program will focus on emerging breeds and selected classifications of Thoroughbreds. As part of this proposal, CARF will allocate up to \$100,000 in Supplemental Purse funds to Humboldt, an amount sufficient to raise purses to 100% parity with regional Thoroughbred purses. In addition, CARF will supplement the existing .75% license fee transfer (approx \$80,000) to Humboldt, by an amount that will ensure total payment of not less than \$150,000 to Humboldt. This additional payment will come from commissions generated by CARF@GGF.

Commissions generated from CARF@GGF will be used to accelerate payment of debt service on the Satellite Wagering Facility at San Mateo Fair. Accelerated payment of the loans which financed this construction will recycle financing resources more quickly, making funds available sooner for other racing facility improvement projects. This will benefit all racing interests in Northern California.

Golden Gate Fields is amenable to this arrangement. Successful implementation will depend on a satisfactory arrangement between GGF and CARF. In such an arrangement, we envision the following specific acknowledgements:

- The arrangement is temporary;
- GGF has no interest in these dates on a longer-term basis without the consent of CARF;
- The financial arrangements are satisfactory;
- The rest of the racing calendar is satisfactory.

Re-iterating, we propose this as a temporary arrangement as part of a multi-year transition plan.

## BENEFITS TO FAIRS

---

- *ALL RACING FAIRS*

This program strengthens racing during the summer in Northern California by creating structured and carefully managed racing opportunities that Fairs have not been able to offer in preceding years. This program will take advantage of having one Racing Secretary managing racing throughout the circuit and will best utilize the facilities available to us. Through this program, Fairs can offer five weeks of Turf racing and racing for better Thoroughbreds that will elevate the quality of summer racing in our region. Judicious use of the Supplemental Purse Fund will allow us to target specific classifications of horses with incentives that help achieve the Goals and Objectives of the program, while preserving the safety net and support for those Fairs that need it. The simulcast program offered to our satellite network will remain high-quality throughout the summer. This program will ensure maximum generation of purses, commissions and other associated distributions.

- *PLEASANTON*

Adoption of this program will consolidate three weeks of racing at high-quality Fair facility in a major urban market. Program management will focus on mid- to upper classifications of Thoroughbreds to keep better horses in Northern California and attract better horses from other regions, thereby strengthening summer racing circuit.

- *VALLEJO*

Solano County Fair continues to receive financial benefit from racing in the mid-July calendar slot. Vallejo no longer has the expense and challenge of operating two weeks of racing with declining attendance and handle during a one-week Fair.

- *SANTA ROSA*

Santa Rosa extends use of its Turf Course with three weeks of racing. Consolidates racing at a quality Fair facility. Program management will focus on Turf horses and mid- to upper classifications of Thoroughbreds to keep better horses in Northern California and attract horses, specifically grass runners, from other regions, thereby strengthening summer racing circuit. Adoption of this program would allow a longer Fair (perhaps an additional week-end) or other attraction operated in conjunction with additional week of racing

- *SAN MATEO*

San Mateo receives a financial payment from CARF @ GGF to accelerate payment of debt service on satellite wagering facility. Fair racing continues with a total of five weeks of Turf racing and the advantage of 1400 Thoroughbreds stabled at GGF. This component maintains a strong core to summer Fair racing program.

- **HUMBOLDT**

Humboldt can conduct racing with the confidence that it will have a strong, attractive program for Thoroughbreds and emerging breeds, supported by an increase in supplemental purses of up to \$100,000, making up to \$300,000 available in total. Humboldt could offer 100% parity with regional Thoroughbred purses. Humboldt gains also additional revenue and retains two weeks of racing, thereby continuing the tradition of racing and the two-weekend tourist attraction so important to Ferndale's local economy.

- **CAL EXPO**

CARF will manage the preceding racing meets in a manner that assures a pool of available horses to conduct an attractive racing program at Cal Expo. Attracting and retaining better Thoroughbreds in Northern California will enhance the quality of available runners for Cal Expo's stakes program.

- **STOCKTON**

Three, three-day week-ends of racing at Stockton in September is an important pilot of what may become the calendar of the future. Nine days of racing over three weeks, supplemented by simulcast and ADW revenues, look like the formula for a successful meeting.

- **FRESNO**

Fresno Fair will race in 2009 with no overlapping dates for the first time in recent memory. We recommend retaining an allocation of \$100,000 in Supplemental Purse Funds as a safety net until we establish predictable revenue levels generated by running solo.

### ***Conclusion***

This program will strengthen Fair racing in Northern California by offering a structured schedule, carefully planned and managed so as to feature more Turf racing and better racing opportunities for all classifications of Thoroughbreds. It will offer a carefully managed program for emerging breeds. This program will maximize generation of purses, commissions and associated parimutuel revenues by making use of available facilities in the markets that best support Fair racing. It elevates the quality of summer racing. The simulcast program offered to our satellite network will remain high-quality throughout the summer. The program acknowledges the need for fewer racing dates and, by reducing dates, sets forth a prescription for bigger fields. By so doing, it strengthens Fair racing.

## JUNE OPTION

---

In a modification to the proposed 2009 calendar, which presently shows a Spring and Fall block of dates to be run at Pleasanton, we propose that the Spring portion (mid-March to mid-April) be run in June as a forward extension of a combined Fair meeting. This extension would then transition into the traditional Pleasanton Fair dates, commencing in late June. In 2009, we propose that these dates be run at GGF, as Fair dates, with the racing program jointly managed by CARF. If these dates are run as Fair dates, we can apply the preferred parimutuel distributions allowed Fairs. This scenario would take advantage of the Turf course and the 1400 horses stabled at GGF.
